**Agenda:**

- Welcome, action items, and additions to agenda
- Set agenda for next meeting with Dennis Fleming from the State Office of AIDS
- Determine measures for year 3 work plan
- Gather list of sites/providers who we would like to reach out to join Testing Action Team
- Review action items
- Determine next meeting date – June 28, 2018, 9:00 – 10:30 AM
  976 Lenzen Ave. Conference Room AB

**Key Takeaways/Highlights:**

**Measures to be achieved by June 30, 2019:**

- Document number of provider trainings conducted, number of providers trained.
- Track number of needle exchange clients receiving an HIV test.
- Secure mini-grant funding for clinic site to implement opt-out testing, PrEP, linkage to care and retention
- Monitor process and outcomes measures achieved by pilot clinic site
- Publish in the Santa Clara County Medical Journal: Syphilis rates, GTZ, - Raj
- **Process:** Develop a contact list for provider meetings at major care settings: Stanford, VMC, Regional Medical Center, El Camino, Sutter Health/PAMF, Kaiser
- **Outcome:** Send out GTZ information and what we have accomplished to all contacts made from provider list. – Raj (and Monica intern)
- Begin steps to implement opt-out testing at Santa Clara County Main Jail
- Begin to investigate what it would take to conduct opt-out testing in the emergency dept.
Decisions Made

1. Possible Measure for Y3: Consider looking into all of the hospital settings and finding out when they have grand rounds or when they get providers together for meetings and try to meet with them about the work that we do.
2. Lori will share first draft of opt-out testing presentation at next action team meeting 6/28 at 9:00 am
3. Regarding contact list:
   - Put together a list of services that Public Health can offer for providers at their primary care site. If you test, we’ll take care of the rest – public health
   - Offered training
   - Data: XYZ providers don’t feel comfortable doing
   - SOGI training- we can help you connect with your patients
   - GTZ info

Successes to Share, including any progress on metrics:

Action Items:

- Invite Sarah to meeting with Dennis - done
- Lori prepare presentation on clinical opt-out testing project for next testing action team meeting June 28th
- Invite Dr. Walsh, Malaya (Crystal), to meeting with Dennis to talk about HIV testing in the jail.
- Raj: See if we can get the positive HIV tests from 2017/2018 that were diagnosed in the emergency dept.
- Raj: Find out when the next deadline is for submitting to the medical journal – email sent.
- Lori: See if we can get data from Alta Bates medical opt-out testing in ED. What is the best practice for this?

Proposed Agenda Items for next meeting:

- Opt-out testing, 4th generation testing (using determine testing)

For meeting with Dennis:

- Overview of what’s happening in Santa Clara County – all
- Share successes and barriers -
- Learn from Dennis what have other jurisdictions done to engage providers in this work?
- Show Dennis our measures and receive feedback
- Ask what it means to be a true opt-out testing site. What are the best practices?
- Ask Dennis if he has anything (PPT, best practices) that he can send that he can review ahead of time

Next Meeting: June 28th 2018 (2:30 pm to 5:00 pm) 976 Lenzen Avenue, Conference Room AB
