

No doctor wants to miss a chance to prevent HIV.

What does your practice need to make sure you never miss an opportunity?

- Are you **following the CDC guidelines** for HIV and STD screening?
- Can you **link a patient** with a new diagnosis to HIV care within 1 month?
- **Are you prescribing PrEP** for HIV prevention?

The County of Santa Clara Getting to Zero Initiative (GTZ) can offer in-service training and resources to clinical staff at all levels

Getting to Zero HIV (GTZ) Santa Clara County-Silicon Valley is a 4-year initiative that strives for Zero New HIV Infections, Zero Deaths related to HIV/AIDS, and Zero HIV/AIDS Stigma and Discrimination in Santa Clara county by focusing on four priority strategies:

1

Access to
PrEP and PEP

2

Guideline-based
STD & HIV screening

3

Linkage to &
retention in HIV care

4

Reduction of
HIV-related stigma

Be a part of the GTZ movement!
